

## The SAGE Scholars Tuition Rewards™ program

The SAGE program allows *EdVest*™ account owners to receive discounts at private colleges across the country.

There is no fee to join the program, and discounts can be as much as 25% off of four-year undergraduate tuition costs.

### HOW THE PLAN WORKS

This unique plan enables enrolled students to earn guaranteed minimum scholarships at a growing list of participating private colleges and universities across the country. These scholarships are earned in the form of Tuition Rewards Points that can be used at more than 265 schools across the U.S. Points are earned simply by enrolling an *EdVest* account into the SAGE Scholars program—for which there is no fee.

### EARNING POINTS—AND SPECIAL DOUBLE POINT OFFER

Tuition Rewards Points are earned at a rate of 1.25% per quarter (5% per year) and continue to add up the longer an account is enrolled. For example, an account with a balance of \$10,000 would receive 500 Tuition Rewards Points every year (assuming no change in asset value). Over 10 years, this would accumulate to 5,000 points.

**As a special bonus, investors now earn double the points on their account balance—2.5% per quarter (10% annually)—through December 31, 2011.**

### USING THE POINTS

Every point earned represents \$1 in guaranteed tuition discounts at participating schools. For example, if a student has earned 10,000 points, they will receive a \$10,000 tuition discount at a SAGE member school.

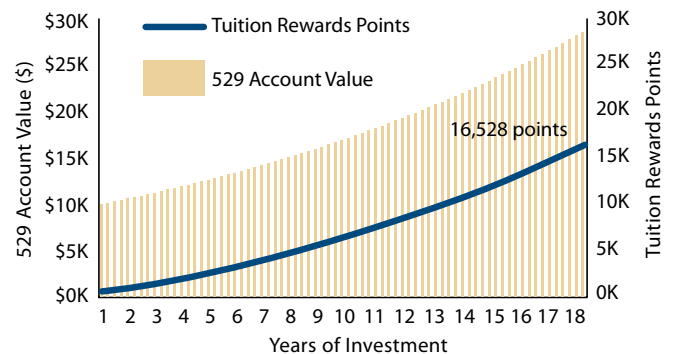

There is no limit on the number of points a student can earn; though typically the maximum eligible discount is one full year of tuition, and it must be applied evenly over four years of undergraduate education.

### A FEW FACTS ABOUT THE PROGRAM:

- There is no fee to join.
- The number of points accepted by each school varies, but can equate to as much as 25% off of four-year tuition costs.
- Points earned accumulate based on an *EdVest* account balance each quarter.
- Points can be used at any participating school even if it has only recently joined the program.
- Students must enroll by August 31 of the year after they complete 10th grade.
- If a student decides to attend a nonparticipating school, rewards that are not student specific can be transferred to another eligible student.

### Tuition Rewards Points can lead to significant discounts.

An account open for 18 years with an initial investment of \$10,000 could earn 16,528 points, or potentially \$16,528 in tuition savings, depending on the school.

This hypothetical illustration assumes a \$10,000 investment in an account growing 6% annually and enrollment in the Tuition Rewards Program earning 1.25% per quarter. At the end of 18 years, with an account balance of \$28,543, the Tuition Rewards Points earned would be 16,528. This chart is for illustration only and does not predict or guarantee the performance of any *EdVest* portfolio.

# SAGE Scholars Participating Schools

Eligible colleges are always being added to the program, so if you don't see a particular school here, it may be on the list by the time your student is ready to attend. Tuition Rewards Points earned throughout the program can be applied to a school's tuition even if that school was recently added to the list. Visit [tuitionrewards.com](http://tuitionrewards.com) for the most up-to-date list of participating schools.
